Junior Back-End Developer

PERSONAL PROFILE

I'm a Junior Back-End Devleoper and I have been learning and making projects since I was 9. I feel comfortable on Web Development and also a little bit of Android Development. I'm trying to pursue my dream of working with tech & help people with their problems

WORK EXPERIENCE

Full Stack Developer
Idea Termogroup | Jan 2020 - Feb 2020

- Designed and made a managing system, to handle clients, orders, material stock, transactions and all things requested by the company.
- The web app is currently for sale on my website.

Full Stack Developer
Butiku Timi | Apr 2020 - May 2020
